

# 01

## About Us

**RSVPify** is an industry-leading event management platform. We work with 20,000 bluechip companies and nonprofits around the globe, powering events of all shapes and size.

RSVPify's platform is **uniquely positioned to aid in complex vaccination campaigns** now being undertaken worldwide. Our software is being used by hospitals, governments and communities to efficiently schedule COVID-19 vaccinations.

RSVPify is not a healthcare services company. We're supporting urgent efforts to speed up vaccine administration under HHS and World Health Organization emergency provisions.

Trusted by 30% of the Global Fortune 500  
Headquartered in CHICAGO, USA

# 02

## COVID-19

## Vaccination

## Scheduling

## Software

Streamline your  
vaccination campaign with  
RSVPify.

# How It Works

## Setup

Get up and running right away. Our software is self-serve, but we're here to help.

1

2

## Begin Scheduling

Share your link. Recipients will select from a list of available appointment time slots.

3

## Communicate

Use the integrated email suite to send important communications and reminders.

4

## Administer

Recipient calendar invitations, email confirmations, tagging and more to streamline vaccination scheduling end-to-end.

5

## Follow-up

Notify first dose recipients when it's time to schedule their second does.

# 4 Feature Pillars

## Schedule

- Time Slots
- Capacity Limits
- Calendar Invitations
- Multiple Locations
- Built-in Cancellation

## Manage Data

- Custom Data Fields
- Data Dashboards
- Imports & Exports
- Recipient Tagging

## Communicate

- Bulk Email
- Updates
- Reminders
- Invite to 2nd Dose

## Secure

- Limit to Exclusive Lists
- Confirmation Numbers
- Co-administrators

Priority Support + Tier 1 On-Demand Scaling

## RSVPify scales to meet demand.

RSVPify scales in realtime to support high-volume events by launching a "micro server" for each new visitor. It's actually pretty cool.

# Coming Soon

We're committed to enabling efficient COVID-19 vaccination scheduling around the world. We're hard at work on a novel solution to further automate daily management for vaccine providers.

## FULL AUTOMATION OF

Time slot creation
